- Southwest releasing resources

GB Cache:

- Great Basin Cache (GBK) staffing: 7 days a week from 0600 until finish.
- GBK Supply Office # 208-387-5104 will roll to GBK Duty Officer if we close before you do
- GBK is handling heavy shipping and mobilization of national radio/communication equipment to large incident support nationally, in addition to supporting GB area initial and extended attack fires, large fire support, and resupply missions to local caches.
- Trending – extremely high portions of supplies being ordered from GBK for large and extended attack fires are being returned to GBK never used. “Right Size” your orders based on current and expected incident need, e.g.

<p>shorter duration grass/shrub component fires likely require less lengthy personnel commitment than a fire in heavy timber.</p> <ul style="list-style-type: none"> • GBK Concern – supplies sitting at incident unused, obviously lends to draw down of available supplies to support other ongoing or emerging incidents, however the number, miles and frequency of trips being made to and from incident by GBK drivers is of greater concern. We ask those planning and placing supply order to include drivers in their risk management process. • Northern California Cache (NCK) Redding, CA. at request of GBK, will service all supply orders for GB IMT6 while on the Farad Incident. Information has been shared and directly communicated with IMT6 - ICT2(t) Bollier, LOGS Chief Rob Cruz, and Expanded Dispatch Supervisors at Sierra Front Dispatch.
